Federal regulations give schools the authority to allow a student to borrow a Federal Direct Unsubsidized Loan when the student's parents have ended all financial support or refuse to complete and sign the Free Application for Federal Student Aid (FASFA). Before requesting consideration for the loan with this form, students should speak to their campus financial aid office to discuss their situation to see if there is a more beneficial avenue, such as a Dependency Override.

By completing and submitting this form, students must understand they are requesting only an unsubsidized loan subject to the annual limits for dependent students. No other federal or state need-based aid will be available. Students must complete and submit their 2023-2024 FAFSA application with all required student information and certifications.

Note to student: If you meet the conditions in the parent section below, but your parent will not sign this form, you may submit a letter from a third party (i.e. teacher, counselor, clergy, or court) who is familiar with your situation and can describe your relationship with your parents.
