

## **Hazard Communications Plan (Right-to-Know)**

**Implementation Date:** 1/2012    **version** 1.3A (3/18)

### **Hazard Communication Program**

The purpose of this program is to inform interested persons that Suffolk County Community College is complying with the OSHA Hazard Communication Standard (29CFR1910.1200) by compiling a hazardous chemicals list, by using safety data sheets (SDSs), by ensuring that containers are labeled, and by providing our employees with training and information

Sometimes hazardous chemicals can be identified using purchase orders. Identification of others

Each department will ensure that its employees receive the proper training when initially hired, annually and when a new chemical is introduced. The Assistant Director of Public Safety and Environmental Health can assist with this training.

### **Hazards of Non-routine Tasks**

When employees are required to perform any of the following hazardous non-routine tasks that have the potential to expose workers to hazardous chemicals, the employee's supervisor will inform the employees of these hazards.

### **Additional Information**

All employees, or their designated representatives, can obtain further information on this written program, the hazard communication standard, applicable SDSs, and chemical information lists from their supervisor or from Public Safety at 851-6771. More comprehensive information on chemical handling and labeling are available in the College's Chemical Hygiene Plan.
